Content of Request

To the brother, the wali of al-Raqqah, may God preserve you. Peace be upon you, God’s mercy and His blessings. And as to what follows:

In the maternity hospital, a violation of the minimum health requirements was observed, including:

Using sanitary equipment (unsanitary) for several women at the same time, without objection to this work from the female doctors in the operation room. And doing the internal examination for women with the same gloves, which are supposed to be used only once. In addition to disrespecting the men outside the operation room, as they were expelled in a disrespectful manner in front of the hospital. It is possible to make a place for men to rest while waiting. This is a general problem in all joints of the Diwan of Health. Note that hepatitis C virus has spread in a disorderly manner.

And may God reward you the best.
