The next day, I went to the real estate department in Raqqah and asked for the real estate registration statement proving the ownership of the mentioned properties. I proved to him that the properties are owned by my mother, but he did not accept this and said, "Go and complain." Today, I come to the real estate complaints, to solve the issue and retrieve the keys before he could use the furniture. I ask you to stop Abu Shakir for his ill-treatment and abusive speech and how he took the shop from me in a terrifying way, as if it were a security patrol in the time of the tyrants.

Knowing that when I brought him the real estate registration paperwork and he did not recognize it, I asked him, "What is required?" He said, "I want you to rent me one of the apartments." I replied to him, "There is no place for you among us, since we are about 5 families living in this house."

I ask you:

- 1- Recover the keys to the house that Abu Shakir had taken.
- 2- Abu Shakir should not touch the aforementioned 2 properties because my mother is the owner and she is present.
- 3- He should be warned for his mistreatment of the people of Ma'dan.
