Subject: Complaint about fortifications

Our honorable Sheikh,

We submit to you a complaint against the brothers in the fortifications of the Wilayat al-Khayr, may God forgive them. This is due to their damaging and sabotaging a tower and communications equipment belonging to the al-‘Adnani Brigade that were equipped and installed on a water tank in the al-Kashmah neighborhood in the southern sector. Where they blew up the [water] tank and took a large battery from it in the morning. Knowing that the antennas and cables were visible on the tank, the door was locked, and the [man lives in the] house near the tank was aware of the tower, as it is the relative of one of our brothers in the brigade.

Accordingly, we hope that you will take the appropriate action against those who cause the squandering of the fortunes of the [Islamic] State and Muslims.

Damage inventory:

- 1- Repeater.
- 2- Complete car communication device with 2 antennas.
- 3- (2) 100 Amp batteries.
- 4- 40 Amp battery charger.
- 5- Antenna/OPK with signal cables.
- 6- Fixing poles with bases.
- 7- Electricity cable 150 meters long.
- 8- (2) 150-watt solar panels.
- 9- Solar regulator 20 Amps.
- 10- An original Bactobac connector.

And may God reward you the best.
