Wilayat al-Raqqah  
Date: 28/3/1438  
The General Services Office  
Corresponding to: [27/December/2016]  
The Electricity Department

---

**In the name of Allah, the Gracious, the Merciful**

**To the brother, the Emir of Services Center, May God Preserve him:**

May God's peace and mercy be upon you.

As a reference to your footnote, which is written on the memo issued by the brothers in the Wali's office under No. /756/ dated 22/3/1438 [21/December/2016], regarding the complaint of sister [REDACTED]:

We would like to inform you that the sister was drawing electricity from the service line of the drinking water station next to her house without permission. The electricity to her house was cut off for this, and the sister was informed of subscribing to an electric meter, like the rest of the citizens.

Please review and do as you see fit.
